

TIMETABLE OF THE PIPELINE ENGINEERING PROGRAM MODULES 2026

Module	Dates
Basics of Pipeline Engineering and Design Fundamentals	March 2 - 6
Pipeline Materials and Mechanical Design	March 9-13 March 16- 20
Pipeline System Design	March 23- 27 March 30- April 3
Pipeline Routing and Civil Design	April 13-17
General Aspects of Station and Terminal Design & Equipment Selection	April 20- 24 April 27- April 30
Pipeline Instrumentation and Automation	May 4 -8 May 11-15
Pipelines Systems for Water Transmission and Similar Fluids	May 18- 22
Energy Pipeline Systems	June 8-12 June 14-19
Special Pipeline System	June 22- 26 June 29- July 3
Pipeline Construction	July 6-10
Pipeline Operation, Integrity Management, and Maintenance	July 13-17 July 20-24
Pipeline Project Management	July 27-31
