TIMETABLE OF THE PIPELINE ENGINEERING PROGRAM MODULES 2026

Module	Dates
MC01: Basics of Pipeline Engineering and Design Fundamentals	March 2 - 6
MC02: Pipeline Materials and Mechanical Design	March 9-13 March 16- 20
MC03: Pipeline System Design	March 23- 27 March 30- April 3
MC04: Pipeline Routing and Civil Design	April 13-17
MC05: General Aspects of Station and Terminal Design & Equipment Selection	April 20- 24 April 27- April 30
MC06: Pipeline Instrumentation and Automation	May 4 -8 May 11-15
MC07: Energy Pipeline Systems	May 18-22 May 25-29
MC08: Pipeline Systems for Water Transmission and Similar Fluids	June 15-19
MC09: Special Pipeline System	June 22- 26 June 29- July 3
MC10: Pipeline Construction	July 6-10
MC11: Pipeline Operation, Integrity Management, and Maintenance	July 13-17 July 20-24
MC12: Pipeline Project Management	July 27-31
